We shall Process Personal Data only (1) as provided for in this DPA, the Terms and/or the Agreement, (2) as required by applicable legal obligations, in which case We shall inform You of that legal requirement unless prohibited by law, or (3) on documented instructions from You. The subject matter, duration, nature and purpose of Processing, the types of Personal Data, and categories of Data Subjects are set out in Appendix 1. No special categories of Personal Data will be Processed without Your prior written approval.

2.4 We shall: (i) comply with and Process all Your Personal Data in accordance with applicable Data Protection Laws; (ii) co-operate and assist the Customer with any data protection impact assessments and consultations with (or notifications to) or responding to questions from or investigations by regulators or supervisory authorities; (iii) ensure that its policies, measures and procedures meet, perform, and comply with the Data Protection Laws and will ensure that it has all necessary appropriate measures to make sure the data processing is being performed based on a legal basis and that it seeks consents, where necessary, and makes sure all the required notices are in place to enable the lawful transfer of Your Personal Data to any third party recipient for the duration and purposes of this Agreement, and (iv) process Personal Data only insofar as provided for in clause 2.1 above. We shall regularly review the notices and policies and keep them up to date, where necessary, to ensure that the information requirements are met and that any changes are communicated to data subjects in an immediate manner.

result from the unauthorised or unlawful processing or accidental loss, destruction or damage and the nature of the data to be protected, having regard to the state of technological development and the cost of implementing any measures, ensuring that availability of and access to Personal Data can be restored in a timely manner after an incident, and regularly assessing and evaluating the effectiveness of the technical and organisational measures adopted by it.

5. NOTIFICATION AND PERSONAL DATA BREACHES

5.1. If we receive any complaint, claim, or request in relation to the Processing of Your Personal Data (particularly those relating to the exercise of Data Subject rights under applicable laws), we shall, without undue delay, forward such to you and cooperate and assist you with responding to such as directed by you.

5.2 If we become aware of any Personal Data Breach, we shall without undue delay (and in any event within 36 hours) notify you, investigate the Personal Data Breach, remediate/mitigate any damage and prevent re-occurrence (providing you with detailed related information throughout), and cooperate in informing the relevant supervisory authorities or affected Data Subjects.

We shall notify You of any such request without undue delay and in any event within five (5) business days of receipt, and shall provide reasonable cooperation to enable You to respond within the timeframes required by applicable Data Protection Laws.

6. SUBCONTRACTORS

6.1 You provide a general authorization for Us to engage subprocessors to process Your Personal Data in connection with the Services.

6.2 We shall ensure that any subprocessor is bound by written obligations that provide at least the same level of protection for Your Personal Data as those set out in this DPA.

6.3 We shall remain liable to You for the performance of any subprocessor and for any acts or omissions of such subprocessor in relation to the Processing of Your Personal Data as Our own, in the terms of this DPA and the Agreement.

6.4 We may update the list of subprocessors from time to time. Any intended addition or replacement of subprocessors shall be notified by updating the applicable subprocessor list or privacy notice made available through the Services or our website. You may object to such changes on reasonable grounds related to data protection within fourteen (14) days of such update. If You raise a reasonable objection and We cannot reasonably accommodate such objection, either Party may terminate the affected Services in accordance with the Agreement.

7. TRANSFERS OF DATA

7.1. We (or any subcontractor) shall only transfer Your Personal Data to a country outside the EEA or an international organisation where such transfer is subject to appropriate safeguards and otherwise complies with Data Protection Laws.

7.2. Where such transfers are made, We shall implement appropriate safeguards, including the use of standard contractual clauses adopted by the European Commission (including Commission Implementing Decision (EU) 2021/914), or other valid transfer mechanisms under applicable Data Protection Laws.

8. RECORDS

8.1 We shall make available to You all information reasonably necessary to demonstrate compliance with this Agreement and applicable Data Protection Laws, and shall allow for and contribute to audits conducted by

You or an independent auditor, subject to reasonable prior notice and confidentiality obligations.

8.2 We may satisfy such obligations by providing relevant certifications, reports, or other independent assessments.

The Parties shall not disclose, without the prior, written consent of the other party, any information disclosed or made available, in any form or medium, directly or indirectly before or after the date of this Agreement, in connection with the processing as well as the information relating to the business Services, financial plans, intellectual property rights, clients, suppliers, employees, plans; the know-how, designs, trade secrets, technical information or software; any other information which each of us wishes to protect against unrestricted disclosure and which is marked as confidential or proprietary or is, by its nature, clearly confidential; and any findings, data or analysis derived from such information, unless it is required to be disclosed in a judicial or administrative proceeding or required to be disclosed by law. In such case Parties shall inform each other in advance to perform any necessary legal precautions to ensure information is protected within the scope of mandatory disclosure.

11. INDEMNITY

11.1 Each Party shall indemnify and hold harmless the other Party against any direct losses, damages, costs, and expenses (including reasonable legal fees) arising from a material breach by the indemnifying Party of its obligations under this Agreement or applicable Data Protection Laws, provided that: (i) the indemnifying Party's liability shall be limited to losses directly attributable to its own acts or omissions; (ii) neither Party shall be liable to the other for any indirect, incidental, special, or consequential damages, including loss of profits, revenue, or business opportunity, howsoever arising; and (iii) the indemnifying Party's liability for acts or omissions of subprocessors shall be determined in accordance with applicable Data Protection Laws, this Agreement, and the liability limitations set out herein.

11.2 Notwithstanding anything to the contrary in this Agreement, the aggregate liability of each Party arising out of or in connection with this DPA, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, shall not exceed the total fees paid or payable by You to Us under the Agreement in the twelve (12) month period immediately preceding the event giving rise to the claim. This limitation shall apply to the fullest extent permitted by applicable law but shall not limit either Party's liability for losses arising from wilful misconduct or gross negligence, or any liability that cannot be excluded or limited under applicable Data Protection Laws.

11.3 Notwithstanding the above, in the event that We as the Processor fail to comply with the stipulations of this Agreement as a direct result of Your acts, omissions, or instructions, You shall bear responsibility for any resulting non-compliance and shall indemnify Us against any direct losses, damages, costs, and expenses arising therefrom, including any claims by Data Subjects or sanctions imposed by the competent supervisory authorities attributable to such acts, omissions, or instructions.
